---

The Stern Center for Language and Learning's Founder and President Blanche Podhajski, Ph.D. has accepted membership on the Education Programs Committee of the National Center for Learning Disabilities. A current member of the NCLD Professional Advisory Board, in this new committee role Dr. Podhajski's professional experience will be a valuable asset in providing guidance on priorities, overseeing program activities, and developing policy.

In addition, Dr. Podhajski has recently been invited to be a reviewer for two articles, one for *Pediatrics* and one for *Teaching Exceptional Children*. Dr. Podhajski's effort and expertise add to the important field of peer-reviewed journals.

Participation in these activities speaks to Dr. Podhajski's experience and reputation, and they maintain a role for the Stern Center on the national stage of learning differences.

*The Stern Center for Language and Learning is dedicated to literacy for all. Many people who struggle with reading, writing, and mathematics do not learn the same way as those who easily achieve literacy. Stern Center professionals evaluate and teach all kinds of learners, including those with learning disabilities such as dyslexia or attention deficit disorders. The Stern Center is committed to helping individuals identify their learning strengths as well as their needs and to finding solutions that allow everyone to learn. More information available at [www.sterncenter.org](http://www.sterncenter.org).*
